

Southwest Airsports Paramotor Repair Work Sheet – customer

PARAMOTOR SERVICE – We cannot provide help remotely (this is the responsibility of the dealer you purchased your engine from). Once you receive your repaired part(s), we *CANNOT* provide assistance with how to reinstall it/them. This is your responsibility. If you need help adjusting things on your paramotor, consult your dealer or shop or use the detailed information on this site. Thank you

Please complete this form and email it to info@southwestairsports.com. Once you are approved to ship to us, attach a printed copy of this to your shipment.
